Welcome, I'm John

John located here in 1998; It's been the area they love and have called home ever since. A natural people-person with a tenacity for service and detail, John was a natural fit in the real estate industry. For years, John has been an expert in your local area, constantly keeping in touch with local businesses and over-seeing trends that are taking place in this evolving and special community.

John is also a volunteer at the local church and a member of many charitable organizations, all local. A former high-school athlete, John can still be found keeping fit playing squash and exploring the gorgeous trails that beautiful Toronto has to offer. You may even see John at a pick up volleyball game on Woodbine Beach in the summer.

If you are looking for somebody that you can trust, look no further. John Doe knows every aspect of the industry, and will offer you a simple solution to make the process easy to follow and understand. John believes that everyone should earn their success. If you are a first time buyer or seasoned pro ready to list again, give John Doe a call today and let your worries be taken care of and have any of your questions answered!

This report includes priority listings.

What are **Priority Listings**?

Priority Listings are a smaller sub-category of listings that have been included in this report. Listings that have been placed in this smaller category have been marked as "prioritized" because they share several more common elements that are similar to each other versus other comparable listings that may not have been classified as priority listings. For example, identical units of an apartment complex or townhouse or even similar detached buildings that were part of the same building development project, may be placed in this "priority listings" category, to highlight these closer similarities.

How do I know if a listing is a **Priority Listing**?

All **Priority Listings** will be marked with a star icon (See Below). The star icon indicates that a particular property has been categorized as a priority listing which means that it shares several common attributes to other properties that have been placed in this "priority listings" category; All properties that have been placed in this "priority listings" are closely "comparable" to one another.

This icon indicates that a listing has been prioritized.

If you have any questions about the priority listings that have been included in this report, please reach out to me via my contact information, provided in the header of this report.
